

Why does school stop earlier on Shrove Tuesday?

What do people eat on "Faschingdienstag"?

Carneval, in German "Fasching" is a big party in February. There are big parades with costumes and decorated trucks, they are called floats. Dressed-up people march through the streets. The parade blocks the streets, so the trams and busses cannot pass. School stops at 12.00 so the kids can go home before the trams and busses are blocked by parade.

On "Faschingdienstag" many people eat "Krapfen". Krapfen are fried yeast buns filled with apricot jam or vanilla cream.

They are DELICIOUS! We all LOVE them.
