

In March 2020 schools closed due to the Corona crisis. During the Easter break visits to friends and family were not allowed, all hotels were closed and you could not go to another country. All shops – except for food stores – were closed as well.

When the teachers meet after Easter, they talk about their holidays. Guess who is talking and write the names next to speech bubble.

I spent the holidays with my kids and my husband. If there **had not been** a Corona outbreak, the whole family **would have met** in the garden for a huge Easter celebration.

I spent the holidays with my wife and my daughter's family. It was my granddaughter's first Easter. If we **had not had** a Corona crisis, I **would have gone** to Italy in my camper.

I spent the holidays at home with my husband. It was not a lot of fun because there was a building site next to our house. If we **had been allowed to** travel, I **would have flown** to Greece.

I spent the holidays with my husband and my son Jakob. We stayed in our flat all the time. If we **had not been afraid** to get ill, we **would have gone** to the playground with Jakob!

Your turn:
