In my opinion it would be bad if we had to wear school uniforms.

LRS

First of all if we had to wear school uniforms we would not be able to show how we are.

gr

Secondly, If we had to wear school uniforms we would look like little soldiers. And maybe the "superheroes" would be scared of us.

gr

A rather good argument for not wearing school uniforms is that if your school uniform gets dirty you would have to buy a new one because you have to bring it to a "laundery" to get it clean.

LRS

?? |

So your garbage can would look ugly or not collect full.

For all these reasons I think school uniforms are a bad idea.

B) School rules

We are not allowed to come to late to a lesson because if a student comes too late the teachers have to explain what's happened.

Eating gum is only allowed during test because some children glue them under a desk.

At school we must not hurt someone. This rule is in our whole country.

We should be quiet during class. Then we can concentrate better.

You must go to school but if you are ill you should stay at home.

We should not go to the WC during class.

In my opinion whole-day schools are better because I believe you don't get homework if you do ^{everything} at school.

Another advantage of whole day schools is that the teachers have more time to help you if you have a problem.

Another argument is that the parents of the students no longer work. My point is that the most whole day schools have a cafeteria, so the parents don't have to work every day. Some people claim that good students are longer at school. They argue that these students could also study at home, so they have shorter free time.

On the one hand students get more help at whole day schools but on the other hand if they don't need help the children have shorter free time.

So, I think everybody should be allowed to choose one school form, because in my opinion everyone needs the choice.

I am for ~~it to have~~ school uniforms because in my opinion some people don't know what to wear and if we have school uniforms we could be even faster in the morning.

I think that school uniforms look better than our usually clothes because our clothes look sometimes very dirty ~~our~~ or they stink very badly.

In my opinion some people can think that our school is even more better because of the school uniforms.

School uniforms

I think school uniforms have lots of pros and cons. On the one hand school uniforms ~~are~~ ^{could be a} good idea because you don't have to think about what you wear and you don't have to ~~overthink~~ ^{think about your clothes and} what people will say about your clothes. But on the other hand when every body wear ~~the~~ school uniforms everything looks like the same and it would be boring and nobody ~~can~~ ^{could} create a creative, funny or a cool style that a lot of people would ~~like~~ ^{maybe like}.
Based on all these arguments I think that school uniforms could be very good and could ~~stop~~ the negative thinking of other people like when you wear cheap clothes or something like that and it also could be bad when every thing ~~is~~ just looks like the same and that ~~is~~ ^{would} be boring.

Another argument against school uniforms is that a lot of people ~~don't~~ who had to wear school uniforms in their schools ~~think~~ ^{have} said that school uniforms are extremely skinny and very uncomfortable.

you have not really decided whether you are for or against uniforms. Remember to use the hamburger model!

Celine Truffe My opinion about school uniforms

In my opinion school uniforms are much better than regular ~~clothes~~ because it looks very cool and we ~~don't~~ ^{need} have the rule about ~~shorts~~ ^{sweat pants} and about other dress codes. I think if we have ^d school uniforms there would be people that would think that the school is very strict and ~~we~~ ^{is very important there} have discipline and some parents like that and ^{we} would have more kids in our school.

Ok - but you have not used any of the structural phrases (hamburger!)
