learn a language without problems
You could also search on Google
for your school and call some
teacher from the school and ask
them your questions. I am sure
they will help you.

Lastly you could read some
books or watch English movies.
This helped me to learn a
new ~~language~~ language. In this
moment I learn German and
English and I think it is
so much fun.

Most importantly fight for your
dreams and relax, there is
enough time to think about it.

Tell me how it went.

All the best

Dear Elise,

Thank you for your touching letter.

I am very grateful that you asked me for help. ~~and~~ I hope that I am able to give you the advice you need.

First of all, I am very proud of you that you ~~are so brave to go to school to learn~~ ~~and~~ ~~three languages.~~ ~~three languages.~~

~~I~~ I think you should ^{go to the school and} learn the three languages because you will be able to communicate with so many ^{in so many different ways to} people. You should watch all films and TV series in French ^{or} German ^{English} with ~~subtitles~~ subtitles for the beginning. Afterwards only with the exact language as subtitle.

Secondly, you could ask your parents if they ^{would be able to} ~~could~~ afford that you either travel to France ^{or} Germany, ~~for~~ ~~one~~ ~~semester~~ ^{one} semester abroad. ~~My~~ ^{my} father did that when he was young and ^{to speak fluent} ~~he~~ said he learned Italian. ~~and~~ It must be very ^{exciting} ~~fun~~ and fun.

I suggest that you will read a ~~book~~ ~~the way I learned English~~ ~~in the two languages, especially~~ ~~well~~ ~~that I read a lot of~~ ~~!~~ especially

That's ~~the way~~ ^{how} I learned
suggest that you try that, too.

to write English so well. My
grammar also ~~became~~ ^{got a lot} ~~way~~
better than in first grade.

I hope that I was able to
^{and give you some motivation.}
help you. ~~to~~ never give up
^{always try to} and ~~stay~~ stay positive! Keep
me updated and tell me your
~~decision~~ decision.

Until next time and all the

best,

Letter of Advice

Dear Anika,

Thank you for your message. I was happy to hear from you and I hope that you are doing well. I read from your letter that you are ^{thinking} about changing school where you have to learn three languages and you are asking for my advice what to do.

First of all, think about the languages that you want to learn and how hard the language is. Learning a language could be ^{very} time consuming and very hard to learn, because I'm talking about a personal experience. Maybe try taking a language that is easy to learn in the 5th grade and in the 7th grade. Take a language that you would like to try that is a bit harder.

Secondly, if you choose to learn

a language that is easier to learn in the 5th grade then I have some suggestions for you how to ^{improve} it. You could try reading some books in those language or watching TV-Shows or movies in the language that you chose.

Lastly, I would recommend you talking to the language teacher* if you ^{are} having troubles learning and speaking that language so you can improve it will be easier for you to learn the next language in the 7th grade.

Most importantly, don't give up if you decide to learn those languages. I know that you can do it and I believe in you. In my opinion I think that you are able to learn those languages.

All the best,
Ejise

~~you change your school and I am sure that is not easy. You asked me. you asked me about to learn this your language. Still, I think that I have some advice that ~~will~~ ~~make~~ you can use, you ~~situation~~ ^a better~~

First of all, you should be interested in this ~~long~~ ~~long~~ languages. If not ~~than~~ you should take other ~~long~~ language. ~~To learn languages~~ There is many advantages and disadvantages ^a to learn languages.

If you learn many languages you can be a translator or you can also move to a other land.

Sometimes it's boring for you to learn many languages but don't ~~stop~~ ~~you~~ don't give up you can do it. There is also many

you can download on your phone
apps and movies you can watch to learn
the language. ~~So~~ you will have fun
at learning the language.

If you learn many languages than
you will ~~also have~~ ^{make} many friends. And
many friends mean a lot of fun and
many holidays in different country.

Now you think that it is not important for you
but if you were older than you ~~not~~

understand why it is important ^{for you} and you
will be happy. ~~So~~ you just need to

believe in your self. ~~you also can~~ ~~ask~~ ~~people~~ ~~with~~ ~~learn~~ ~~many~~ ~~language~~
you also can ask people with learn many languages because they know better than me.

I ~~am~~

Don't worry about it, ~~you can do it~~. I know that you can do it. And don't forget

I wish that my advice was helpful

for you, let me updated. ~~So~~ just

give me a call if you have any more
questions or need ~~some~~ some thing.
