

## Great Kids Contest

The city of Graz is looking for the greatest kids in town. If you are highly creative, brave, intelligent, altruistic (you care for others more than for yourself) or cool in any other ways, apply for the prize.

**You can win 100 Euros for yourself + you can do whatever you want for one day (every activity is paid for)**

Apply for the prize and say what makes you so special. **Explain what you have done so far and why should you get the prize.** (You can invent things!)

BEFORE YOU START:

Make a list of 5 important things that you have done in your life. Then add some details to each one to show that these things are actually true.

5 great things you <b>have done</b> in your life.	<b>Details:</b> (keywords) when, where, what, why, how... 

Now use these ideas in your letter to the city of Graz. Start like this:

*Dear team of the Great Kids Contest,*

*I would like to apply for the Great Kids prize. I think I am a very ..... person, and I have done lots of things that show it.*

*...*

*I hope that I have convinced you that I am a very ..... person and that I should win the Great Kids prize of 2020.*

*Best regards,*

*... (name)*
