I have a fairly small family. We are only three: my husband

Wolfgang, me and my daughter Anna. My husband is a

computer expert and works a lot. He is also a teacher at a HTL. In his

free-time he likes to play the keyboard. He plays in a Jazz band. My daughter

Anna is 23 years old. She does not live with us any more. She now lives in

Berlin and goes to university there. In her free-time she likes to read

books and she also likes to meet friends. She likes travelling a lot. I have one

sister. Her name is Maria. My sister has four children. They are

called Lena, Max, Nikolaus and Jakob. Max and Nikolaus are twins. Both Max and

Nikolaus are married, and they have babies. Nikolaus' baby boy is called Santiago and

Max' baby-girl is called Ilvy. My parents are very old. My father's name

is Gerd. He is quite fit for his age. He still likes to go hiking and he likes

riding his mountain bike. My mother is called Eva. She is not very fit and

can only walk around the garden. I really like my family. We get along very well.
