4. The World in 2040

What will you eat in the year 2040?

I think in the future we will eat insects. I also will eat a lot of vegetables. I think my favourite food will be insects with potatoes.

yummy ☺

How will you travel and go to work?

I'm sure that I will make a world tour but I don't know what will be my job in the future. Maybe I will become the same job like my dad but I'm not sure.

3. My Daily Routine

When I am grown up, I will... get up at half past

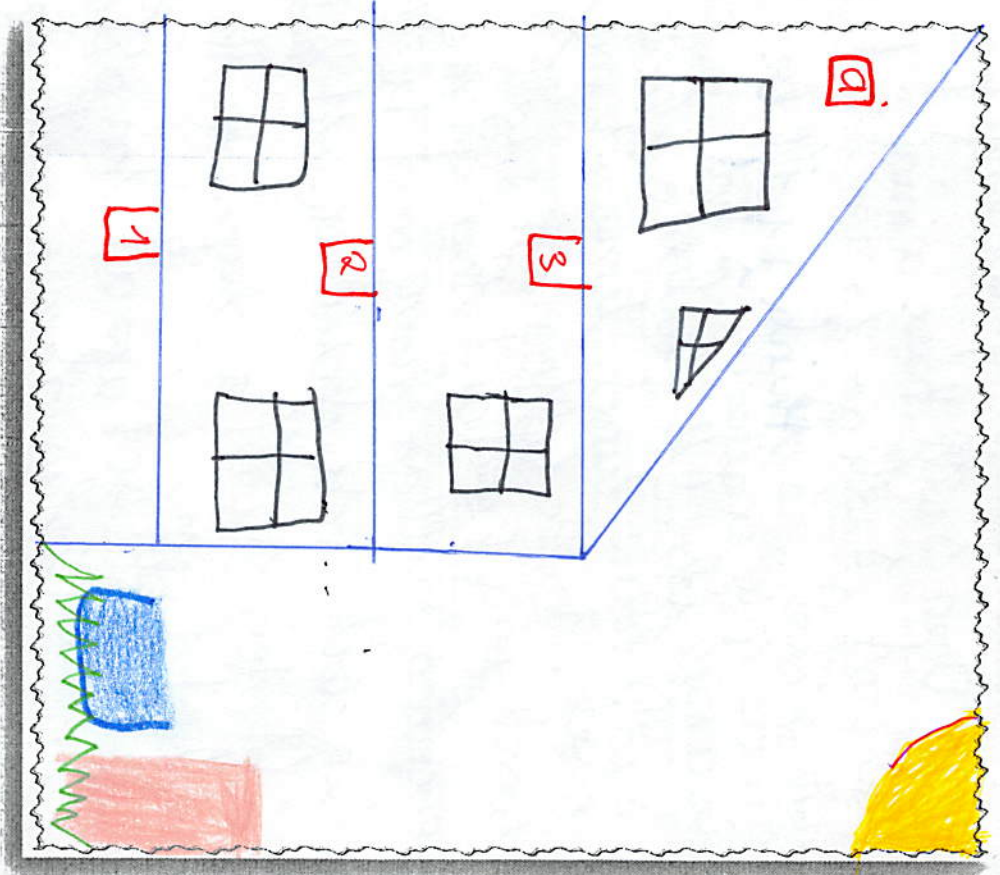

seven. Then I will have a nice breakfast. I will go to work at nine o'clock. I think I will be an electric engineer. I find this is a nice job. At twelve o'clock I will have lunch time at my work. In the afternoon I will work very hard and then at the evening I will go home and I will play with my children. At half past ten I will go to sleep. On the weekend I will get up at ten o'clock and I will play games with my children. And I will sleep at

twelve o'clock. This are my Daily Routine.

I hope you'll have time to relax a bit too. ☺

2. What will your home be like when you are grown-up?

Make a drawing.

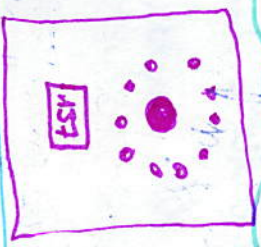

Describe your home in detail.

When I am grown up, I will live in a house with three floors.

On the first floor there will be a very big living room with a TV, a nice table and a big hall. Of course there will be a table. On the second floor there will be a youth room with a table, tennis desk, my bedroom and my daughter's bedroom and a table. On the third floor there will be my son's bedroom and a table. Of course my house will have a big bathroom. It's on the third floor. Just at the corner it be very big. In the garden there will be a pond and a nice place.
