## M4:Text – Our Daily Routines

My family gets up at 6 o'clock my mom drinks coffee. I get dressed and then I have breakfast.

My brother plays with his playcars and then he eats his breakfast. My cat sleeps in my bed and is very very large. My mom takes a shower for 10 or seven minutes. I brush my teeth and go to the toilet. At seven o'clock my brother goes ~~to~~ to school with my mom.

My cat eats her dry food. My mom rides bike and takes my brother to school. I play with my mobile and then I put on my jacket and my shoes.

My brother comes school at twentyfive to eight then she goes to ~~her~~ <sup>her</sup> classes. ~~and~~ I get my bike and lock the door.

Then I wait for my friend. When she comes we'll go to school together. At eight o'clock the lessons begin for my brother. My cat sleeps all the time now.

My mom has a break past eight for twenty minutes and the kids also. I have a break at twenty past nine I sit with my friend Nicole on a bench. After the Break I believe my brother goes in her classroom and studies. My mom goes out with the kids then the kids play.

My cat gets up and walks around because he is bored because he wants to go outside. At 10 o'clock we have music

I like music because music is usually funny sometimes music is not so funny because the kids are very loud.

At twenty past ten my brother has a ten minutes break.

My cat is still bored and it usually goes out to eat.

At eleven o'clock my mom goes back inside with the kids.

In school the kids have ten minutes break. At twelve o'clock I still have music. Then it gets exhausting because I am hungry. My brother ends the school at three o'clock.

My brother goes home. It takes him twenty minutes to get home. He ends two o'clock.

My cat comes to me and wants to play with me. I play dice my vocabulary for ten minutes in my room. At 6 o'clock my brother comes over and plays with Rudi. Rudi is the cat. My mom takes the phone very long. At half past six we have the dinner is very good. At 7 o'clock my brother brushes teeth.

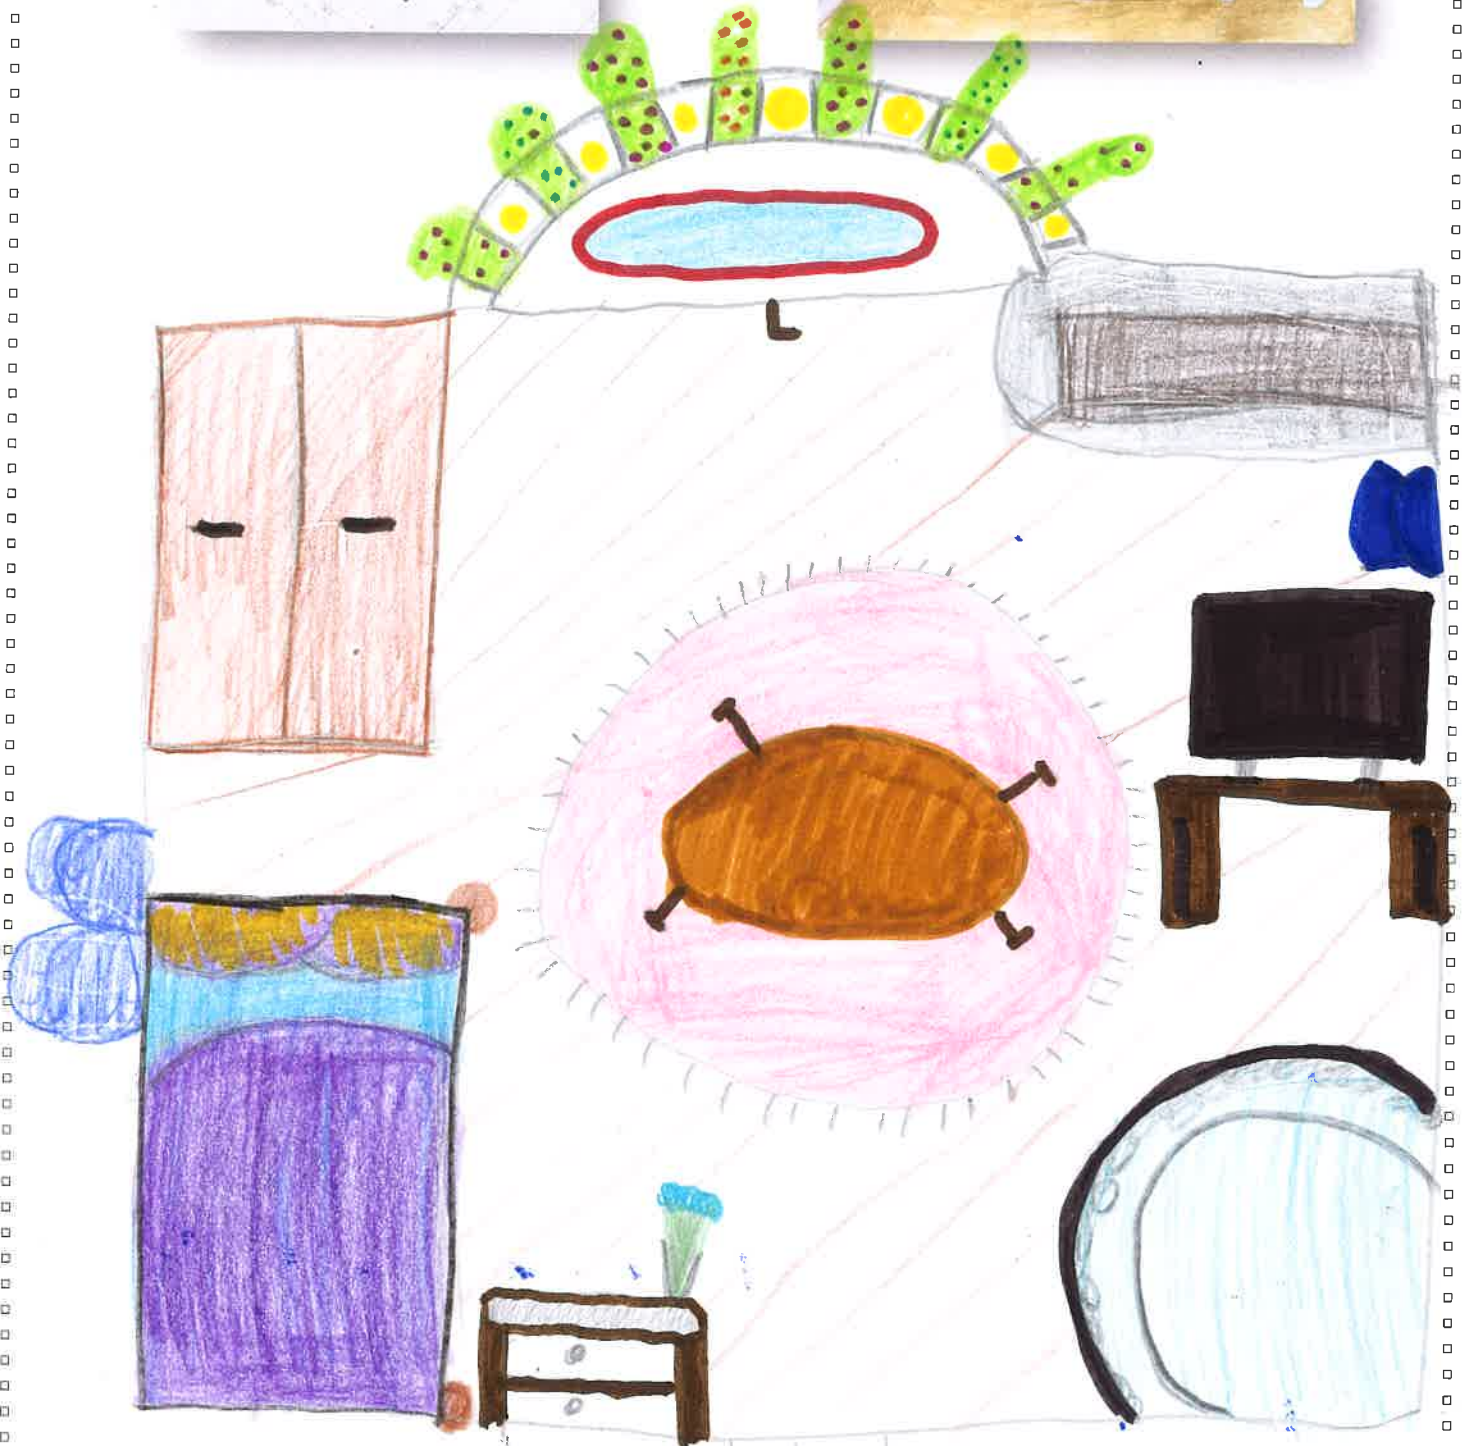

At half past seven I go to bed and read a book. Sometimes my cat comes to me in my bed. My mom usually drinks a tea and then she brushes her teeth. Then my mom reads a book for a very very long time. My brother goes to sleep.

At eight o'clock I sleep sometimes cuddle with my cat. My mom goes to sleep at ten o'clock.

## M5: This is my room

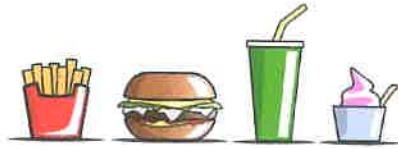

You comes in my room by the door, directly opposite is a balcony. There is a carpet and the carpet is blue and red.

Don't forget to add pictures or drawings!

There are plants on the balcony and there is a light between the plants. You have a nice view from the balcony. In the right corner is a big wardrobe. In the wardrobe there are dresses. In front of the wardrobe there is a bed. The bed is very big there are two cushions and a blanket in the bed. The cushions and the blankets are purple. Next to the bed there is a window and on the window there is a curtain. The curtain is blue. There is a bedside table next to my bed. On the bedside table there is a vase with flowers. The small bot has two drawers and in the bedside drawers there are many things

## M7: Gran's Travel Agency

One day Nicole and her grandmother visited me. I went home and saw an alien that was Nicole's grandmother! We spoke a little Nicole, I and her grandmother, and then we wanted to fly to her planet. So we flew with the plane for six hours to her planet, that was very long for us. When we were there we went to the home of Nicole's grandmother. She had a cool home or very cool home it was very big and beautiful it looks good. Then her friends came and we played a game. That was funny we did a lot of different things. Nicole and I spoke a lot with her grandmother and played a game called Uno and Nicole won. Then we packed a cake, a chocolate cake. At five o'clock the cake was ready. But the cake had to cool for 10 minutes then we could eat it. The cake was very good. At 11 o'clock we went to sleep. We sleep good there it was cozy then and this was good.

In the morning Nicole and I went for breakfast. After that we wanted to take a look at the planet (of the big planet) because we didn't know what it was. Then we went for a walk of the big planet. There was a lot of water on the planet but not many trees but it was really nice there.

Twenty minutes later Nicole wanted to call her grandmother but it didn't work because there was no internet on this planet, so we went home and there was a surprise for us. There was a lot of food on the table. We were very hungry from the long trip. That was a perfect surprise for us and that was really nice of her grandmother. Nicole and I had to drive back today. At 12 o'clock we flew back to our planet. It was a nice little holiday on the unknown planet. When we were back on earth we told everyone about our cool vacation on the other planet with the nice people.

Everything you need to know about this pet

### Pet Info

What you need to know about .....

#### Looks and general info

- Ball pythons are not easy to keep.
- They can become quite large (up to 200cm long) and weigh up to 2kg. They are black and brown and have a dry skin.
- Ball pythons live for 20-30 years.
- Pythons look dangerous, but they are not poisonous and they cannot bite humans.

#### How do they move?

- Ball pythons love to climb, so you should give your python something to climb on (big branches or logs).

#### Home:

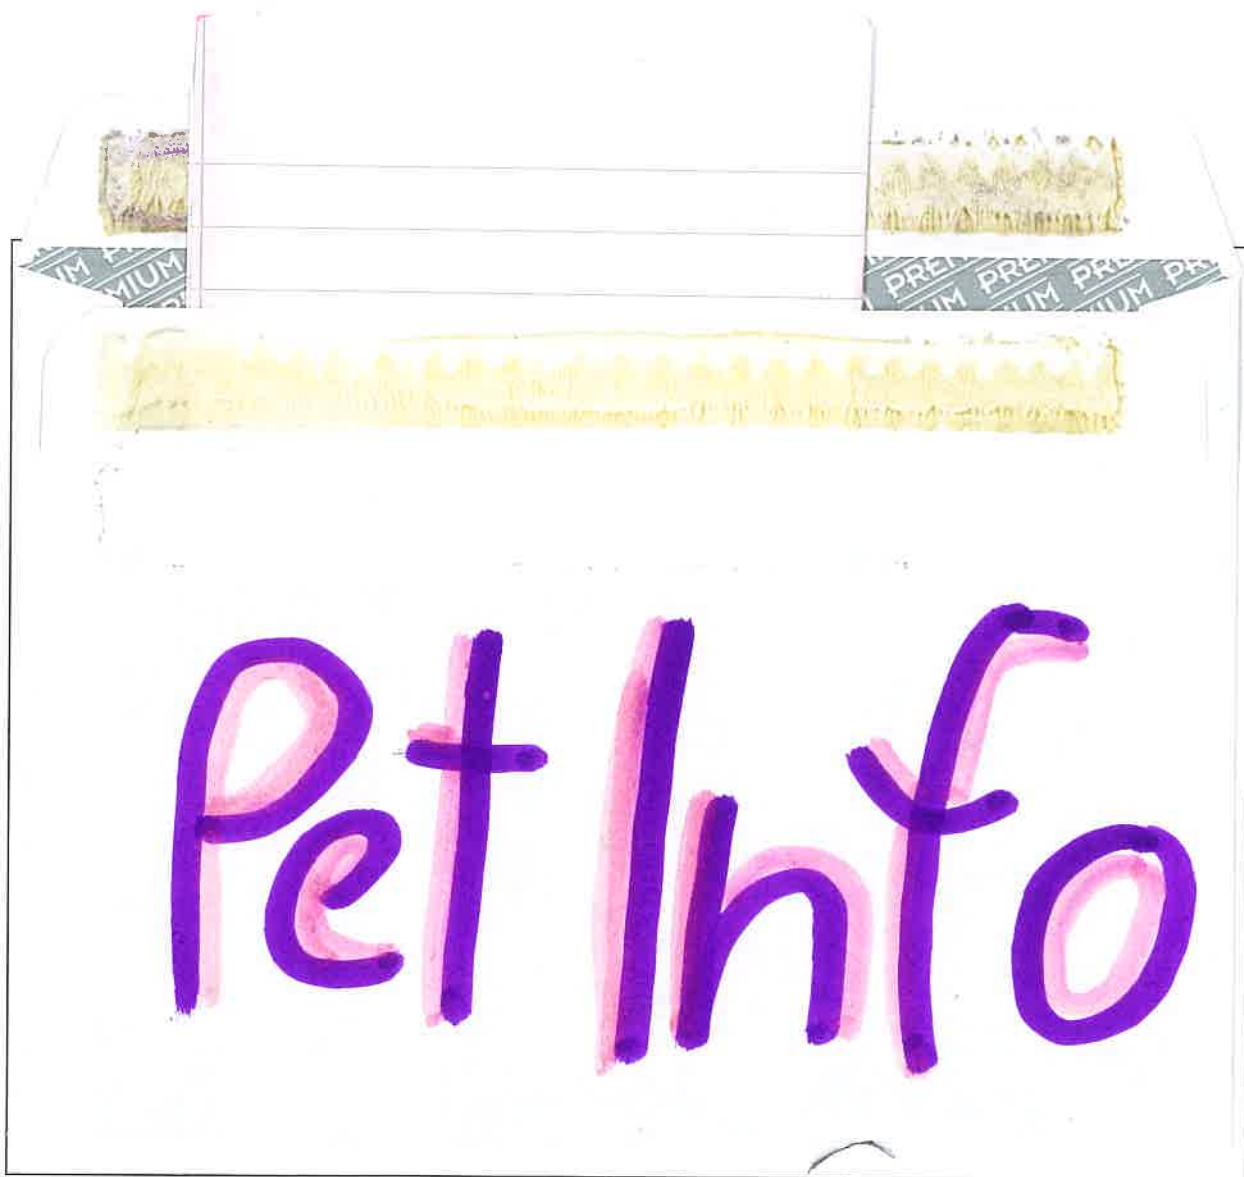

- Ball pythons need a large glass tank (at least 200 litres). The tank should have a good lid. Cover the bottom of the tank with newspaper.
- There should be a place to hide (e.g. a box) in the tank.

#### What do they eat?

- Ball pythons eat food once or twice a week, you should feed your snake every week or two. You should never feed water, as you should change the water in its water bowl every day.

#### Other information:

- Keep your ball python warm. The temperature should be 27°C-30°C.
- Do not feed your snake when it is small but you should try and get it to eat when it is away from small children.
