It was a cold and windy night. Trees were moving in the wind. Leaves were rustling in the wind. The wind was howling. It was very ~~foggy~~ ^{foggy} outside. There was a big creepy house standing in a big garden. Crows were shrieking. Bats were flying around. Lightning was flashing ^{through} the sky. Trees were almost falling. Shadows were dancing across the garden. Lights were shining in the house. It started to rain. Two children were walking alone holding hands. It was very dark. They were very scared. The girl was really frightened because she didn't know ^{where} they were going. The boy walked ^{fearfully} ~~scaredly~~ (they didn't know ^{where} they were going). The boy asked the girl if they should go to a house ^{where} nobody lives to

sleep there. They agreed and found something that was
a psychiatric ward
really creepy. They were in psychiatry, ~~that nobody~~ and nobody

was there. Suddenly they heard a strange noise. It

sounded like a person with a lot of anger. Leaves
surrounding
on the ground were surrounding them as if ~~se~~ a tornado
was coming. They screamed ~~scaredly~~ loudly/fearfully and ran ~~true~~ through an

old door. When they opened the door they saw a big
room with metallic beds. As they were walking with

~~the~~ every step floorboards were creaking. Blood was
all over the ~~also~~ moldy walls. They saw fingerprints

of children. It was so ~~scared~~ scary for them they hugged
each other
themselves with anxiety and didn't let go. It was late

at night and it was a rainy night. They ~~laid~~ lay down and

tried to catch some sleep. Suddenly a woman with an axe came in. She looked like she wanted revenge. She started running after them brutally and fast.

Oh They were so shocked they couldn't run anymore.

The woman came and hit them aggressively with the axe and ate all their body parts happily.
