

BE MY VALENTINE!

February 14th is Valentine's Day. Valentine's Day is a day for romance and love. It is also a day for fun!

You see a lot of romantic symbols on Valentine's Day. Some romantic symbols you may see include roses (because roses are thought to be a romantic flower), Cupid (a little boy who can make people fall in love with his special bow and arrow), and hearts.

Hearts are probably the most common Valentine's Day symbol. People make pictures in the shape of a heart. People buy candles and balloons and many other things in the shape of a heart. You can even find candy in the shape of a heart!

On Valentine's Day, people give cards and presents to each other. The cards are called *valentines*. Some people buy the cards. Other people make the cards. The presents might be something small and sweet or something big and dramatic. Some people *get engaged* (promise to marry each other) on Valentine's Day.

Some schools have valentine parties. The students give each other valentines. They eat heart-shaped candy.

Name _____ Date _____
