Written Assignments

Report 1:

Young people aren't doing enough sports.

Your principal is worried about the fact that many students in upper school do not do enough sports. She has asked you to write a report about the typical afternoon and free-time activities of upper-school students and wants to find out what needs to be done to encourage young people to do sports more regularly.

Write a report for the principal explaining:

- how upper-school students at GIBS typically spend their time
- how this behavior affects their health and well-being
- what the school could do to encourage students to do sports

Write about 200-250 words. Proofread your text carefully!! Sloppy work is an insult to the recipient.

Report 2:

A common room for senior students is being considered in the planning phase of the renovation of the new GIBS school building, but is not top priority. The principal has asked you to write a report saying

- why senior students should have their own common room
- what facilities the common room should have
- how the common room should be supervised

Write about 200-250 words. High quality, please!!!

Booklet about your Novel:

Present your novel, its characters, themes and places in your booklet.

Show how you understand the novel -- what seems important to you.

Use different text types and ways of presentation. Be creative!

Extra Credit Work: 10 pts
