Schriftliche Reifeprüfung aus Englisch

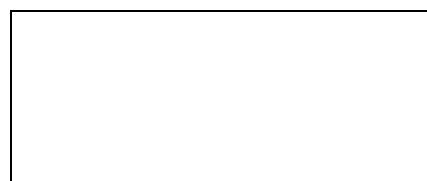

Termin 1
5. Mai 2009

Language in Use Test

Instructions

1. This test contains 4 tasks and 44 questions.
2. Write all your answers in this test booklet.

Task 1

___ / 13 P.

You are going to read a text about how chocolate is made. Some parts of the text are missing. Choose from the list (A-P) the correct part for each gap (1-13) in the text. There are two extra parts that you should not use. Write your answers in the boxes provided. The first one (0) has been done for you.

How chocolate is made

Railroad cars carry the cocoa beans from the docks to the chocolate factory where they are cleaned and stored. Cocoa beans (0) ... countries each have a distinct flavour. After arriving at the factory, the beans (Q1) ... country of origin until they are blended to give them that special Hershey taste. Cocoa beans are roasted (Q2) ... , revolving roasters at very high temperatures.

A special hulling machine then takes the dry, roasted cocoa beans and (Q3)... the shell from the inside of the bean - called the "nib". This is the (Q4) ... the bean actually used to make chocolate. The nibs now are ready for milling. Milling is a grinding (Q5) ... which turns the nibs into a liquid called chocolate liquor - a smooth, dark (Q6) ... chocolate flavour which, by the way, contains no alcohol.

The main (Q7) ... in chocolate are the chocolate liquor, cocoa butter, sugar and milk. At the heart of the chocolate factory is the central blending operation where the chocolate liquor (Q8) ... the milk and sugar. This new mixture is dried into a coarse, brown powder called chocolate crumb.

The chocolate crumb powder (Q9) ... make milk chocolate. Hershey adds cocoa butter to the crumb (Q10) ... the rich taste and creamy texture of the chocolate. The crumb travels (Q11) ... special steel rollers which grind and refine the mixture, making it smoother.

The crumb becomes (Q12) ... liquid called chocolate paste. The paste is poured into huge vats called conches. Once inside the conche, large granite rollers (Q13) ... the gritty particles from the crumb. This process can take anywhere from 24 to 72 hours to complete.

Now the chocolate paste has the smooth, familiar look of milk chocolate and it's ready to be made into our favourite HERSHEY'S products.

- A are stored by
- B a thick
- ~~C~~ from different
- D ingredients
- E in large
- F is combined with
- G is rolled
- H is used to
- I part of
- J processor
- K process
- L separates
- M smooth out
- N stream of pure
- O through
- P which brings out

Task 2

___ / 10 P.

You are going to read a text about pets and your family. Some words are missing from the text. Choose the correct answer (A, B, C or D) for each gap (14-23) in the text. Write your answers in the boxes provided. The first one (0) has been done for you.

Pets and your family

Pets, like children, need time to adjust to new surroundings and circumstances, and need opportunities for "down time." Provide pets with a (0) ... of their own where they can retreat from children. Don't put your pets in situations where they feel threatened. For example, dogs left alone in yards can be accidentally or intentionally teased (Q14) neighbourhood children. What's more, pets live longer, healthier, and safer lives when (Q15) ... indoors with the family.

Allowing children to help care for a pet teaches responsibility and instils a feeling of competency and accomplishment. Choose (Q16) ... appropriate for the age of your child. Even young children can be involved in some aspect of caring for an animal friend—selecting a new toy or collar, assisting with grooming, or (Q17) ... a food can.

The best way to teach your children how to be (Q18) ... pet caregivers is to be one yourself. This should start before you even get a pet—make sure you have realistic (Q19) ... about pet ownership. And take steps to select the right animal for your family at the right time.

As soon as you bring a pet into your family, set up and (Q20) ... rules regarding proper pet care. For example, tell your children not to pull the animal's tail, ears, or other body parts, and (Q21) ... that they never tease, hit, or chase the pet. Teach children how to properly pick up, hold, and pet the animal. These simple lessons are essential to helping kids become responsible caretakers.

(Q22) ... certain pet-care activities must be managed by adults, you can still include your children by explaining why and what you're doing. For example, when you (Q23) ... your pet to the veterinarian to be spayed or neutered, explain to your child how the operation not only reduces pet overpopulation but can also make your pet healthier, calmer, and more affectionate.

Task 3

___ / 14 P.

You are going to read a text about donating bone marrow. In most lines of the text there is an unnecessary word. Write the unnecessary word in the space provided after each line. Some lines are correct. Indicate these lines with a tick (✓). There are two examples at the beginning.

There should be more bone marrow donors

Bone marrow is a type of tissue that is found in the middle of certain	<u>✓</u>	0
bones. Blood cannot be so produced without bone marrow, so when	<u>so</u>	00
someone's bone marrow becomes damaged, they need not to have a	_____	Q24
bone marrow transplant. P. P. Devaanshi, who has had a transplant,	_____	Q25
says that more people should donate to bone marrow so that	_____	Q26
people who need it can survive. "I am worried about that people aren't	_____	Q27
donating bone marrow. I have recently had a bone marrow transplant	_____	Q28
and I was lucky so that my brother was my donor. I am still recovering	_____	Q29
but many of people don't realise that children like me have needed	_____	Q30
transplants and haven't had been able to find a donor. They could be	_____	Q31
waiting up for a long time and some children die before having a	_____	Q32
transplant because they haven't been able to find a donor in time.	_____	Q33
I just have recently learnt that less than one percent of people in ethnic	_____	Q34
minorities give up bone marrow. If my brother hadn't been my donor then	_____	Q35
the worst stage doesn't bear thinking about. I would like to	_____	Q36
encourage more people to give bone marrow because they can and help	_____	Q37
save the lives of children." Devaanshi, 11, Middlesex
