Task 4: Wear Beer goggles – stop drink-driving

Beer goggles make wearers feel nauseous and disorientated.	✓	0
School children have been asked for to strap on 'beer goggles' that	<i>for</i>	00
mimic the effects of alcohol in an effort so to cut drink-driving deaths.	so	Q39
The goggles have had distorted lenses similar to frosted glass,	had	Q40
making wearers to feel nauseous and disorientated.	to	Q41
They are being used in schools all over the country, as part of the		
Department for a Transport's summer anti-drink-driving campaign, to	a	Q42
show that youngsters how excessive alcohol can make them	that	Q43
lose the control of their actions.	the	Q44
Costing £50 each, the goggles, which were being invented in	being	Q45
America, demonstrate how the effect alcohol can have on a person's	how	Q46
ability to perform more simple tasks such as walking and, ultimately,	more	Q47
driving.		
Becky Prosser, from Leeds' road safety promotion unit she hopes	she	Q48
that the teens will remember the time they tried for the goggles and	for	Q49
couldn't stand up straight, and that they will think twice before	✓	000
getting into a car with a drunk driver or even though driving drunk	though	Q50
themselves.		
On average, more than 3,000 people who are killed or seriously	who	Q51
injured in drink-related accidents every year, with those in the	✓	Q52
17-to-24 age group most at risk.
