

**Elective Courses:**

In addition to the above core topics that have been dealt with in the core courses you are required to earn at least 6 credits in elective classes to take the oral final exam (14 credits for the extended oral exam). Please put down the courses you have completed including the books that you have read for each course.

**Reading List:**

After highlighting the novels you have read on the core-topic sheet, prepare your reading list on a separate sheet and hand it in with your choice of electives and special topic. Your list must include the 7 books that you have worked on in your reading groups + 3 books from your private reading list.

**Extra reading:** You may add extra books to your list. You will not be expected to know these books in as much detail but might want to include some of the ideas and concepts in your answers. Your reading list will also help me choose topics that interest you and allow you to show your full potential.

**My special topic:**

Write a short outline of your special topic and decide what books you are going to read.

My topic: (working title)

What I know already (keywords, notes)	Deadlines:
What I want to find out: (3-5 questions)	
Literature I am going to read: 2 books and a few short texts
