

"Santa's Garden"

(Octopus's Garden, The Beatles)

I'd like to be far in the North
In Santa's magic garden in the snow
He'd let us in, knows where we've been
In Santa's magic garden in the snow

I'd ask my friends to come and see
Santa's magic garden with me
I'd like to be far in the North
In Santa's magic garden in the snow

We would be warm in the snow-storm
In our little hideaway in Santa's house
Resting our head on his warm bed
In Santa's magic garden in the North.

We would sing and dance around
Because we know we can't be found
I'd like to be far in the North
In Santa's magic garden in the snow

We would shout and jump about
The Christmas-lights would shine bright as the stars
Oh what joy for every girl and boy
Knowing they're happy and they're safe

We would be so happy you and me
No one there to tell us what to do
I'd like to be far in the North
In Santa's magic garden with you
In Santa's magic garden with you
In Santa's magic garden with you
