Glaciers:

Prepare a report for the NEWS FLASH on TV.

Write down the facts about glaciers and the situation nowadays.

Glaciers are masses of snow that have become ice. Glaciers are great rivers of ice. Glaciers ~~are~~ ^{are} formed on mountains and carved out valleys. Glaciers are ~~becoming~~ ^{becoming} smaller because the world is getting warmer. When the glaciers get smaller, 5000 years old plants ~~are~~ ^{will} appear again. In 1991, hikers found a mummy in the Alps at 5300 meters. ~~It was covered with ice and snow for about 5300 years.~~ ^{Big} glaciers can be 80 km long. Glaciers have 75% ~~fresh water~~ of the Earth's fresh water.

Now, ice is melting and flowing into the ocean. ^{The sea level} is going up and people on islands and cities near the sea will be in trouble. The sea level rose by 20-30 centimeters. ^{Island} has been flooded by salt water. This means that people do not have ^{any} fresh water to drink anymore and that they cannot water their vegetation in the fields.

"I think he wants you to play ball!"

Story 'THE PRICE'.

If you went to Emily's birthday party, which present would you buy for her and why?

^{Would} I buy ~~for~~ ^{for} paper and paint, because she loves to painting.
