

Recommendation for Anna Mognon

Graz, April 13, 2016

To whom it may concern,

I have known Anna Mognon for 5 years as her English teacher at Graz International Bilingual School. Anna has always been a very active student who shows genuine interest in the topics we work on in class.

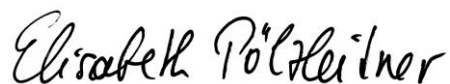

Anna's English is certainly far above the standard expected for her age. We are a bilingual school where English is used as the major language of instruction. Anna's oral command of English is excellent, her writing and grammatical accuracy are good. She can easily follow any courses offered in English.

Anna has a very pleasant, open-minded personality and gets along very well with teachers and peers. She is trustworthy and outgoing and will certainly adapt very well to the new environment in a foreign country.

I can certainly recommend Anna for any exchange program and am looking forward to teaching her again when she comes back.

I would be happy to supply any further information that you might need.

Sincerely,

Dr. Elisabeth Pölzleitner
(English teacher)
