

Questions of absurdist writers and existentialist philosophers:

- 1. Is there a God who guides us in any way?**
- 2. Are we determined by any outside forces or are we totally free to do as we choose?**
- 3. What defines or molds us?**
- 4. Does my life have any meaning? What could that meaning be?**
- 5. Are you in any way significant?**
- 6. Is there life after death?**
- 7. How can you explain the existence of evil (wars, murders, natural disasters...) in the world?**
- 8. What do you think about human relationships? Have people come closer to each other in the last century or have they moved further apart into isolation? Are human relationships important to you? What is life like if you are isolated?**
- 9. Do any organizations or institutions or groups help you in finding a meaning in life?**
- 10. Can scientific theories explain life and its meaning?**
- 11. List some values that you find important in our society. Where do these values come from? Who created them?**
