Big Nate

BIG NATE on a trip

In the morning:

What? A test? Tomorrow?

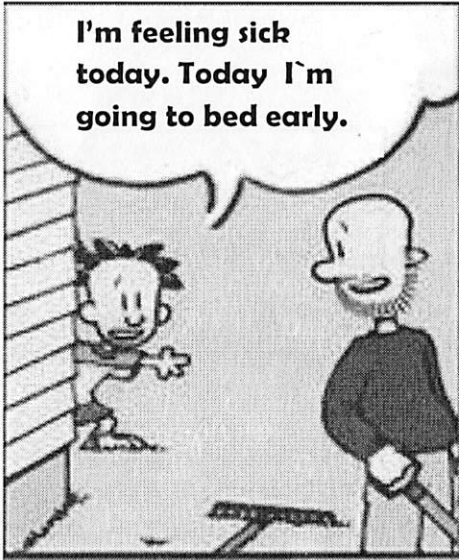

As everytime I did not study for the test we had the next day. I didn't even know that we had one.

Maybe the teacher said something about the test but seriously, who listened. Wait. I know. Gina.

Because I didn't study, I will totally fail the test and my father will be very angry about it.

But I have a plan...

At home:

My father knows that I would never go to bed early, except when I'm feeling bad. The only thing, that could go wrong, is if I don't remember my plan tomorrow morning.

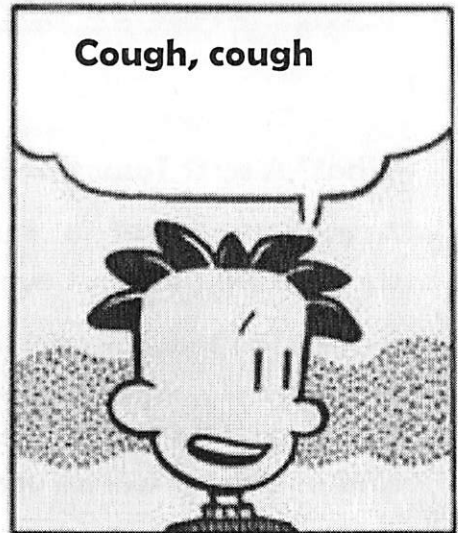

On the next morning:

Dad, I think I can't go to school today.

Why?

I have a headache and a sore throat.

But I heard that you have a test today.

Crap, how does he know that? I just found out yesterday. That's really unfair.

Do you know what? my dad asked.

No!

I'll drive you to school only for the test, and after it I'll drive you home.

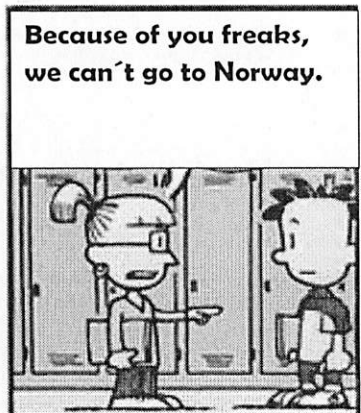

Since when can my father think?

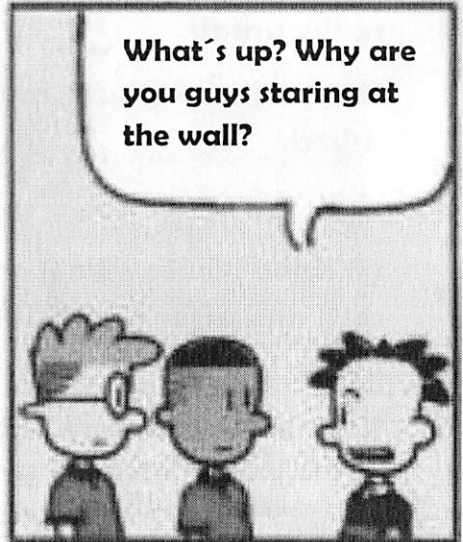

Afternoon:

I totally failed the test. But one good thing happened. My class will make a class trip to Spain. We could vote for Spain or Norway. But who wants to go to Norway? Except for Gina. But because she's the only one, who wants to go to Norway, our class trip will be to Spain.

Super! Now Gina is angry at me.

I turned around. There was a paper with all the dates for our trip. But at the bottom of the paper stood: Everything for our trip to Norway.

WHAT???

Noo

That's so unfair!!!

But the worst thing came after the “wonderful” trip. I am grounded. For one month. I know, I was horrible at the test.

BIG NATE

Falls in love

Written by Marie

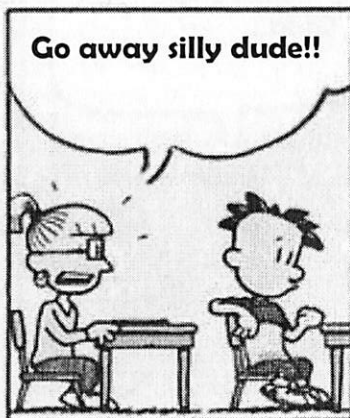

and Amelie

A few weeks ago, Nate had a crush on a girl... But not on any girl, he had a crush on Gina! Nate used to hate Gina but suddenly everything changed. Everything he hated about her was now pretty and she couldn't be more perfect. When Nate told Francis he laughed at him (*gay voice on* Oh my Gosh how could he *gay voice off*)

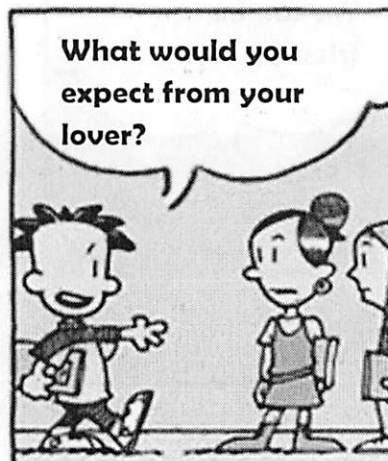

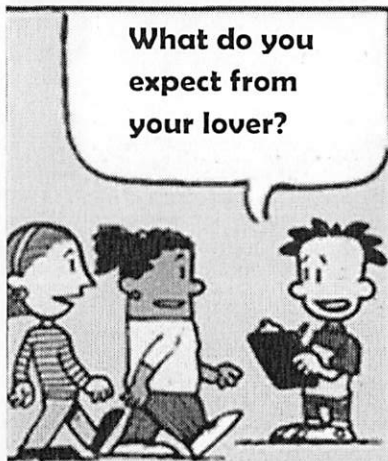

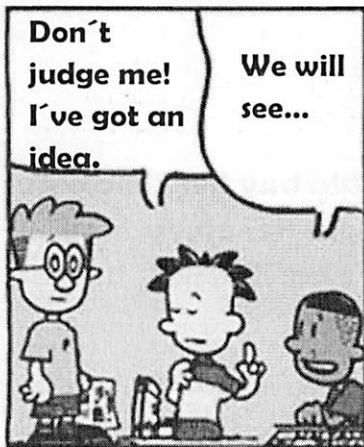

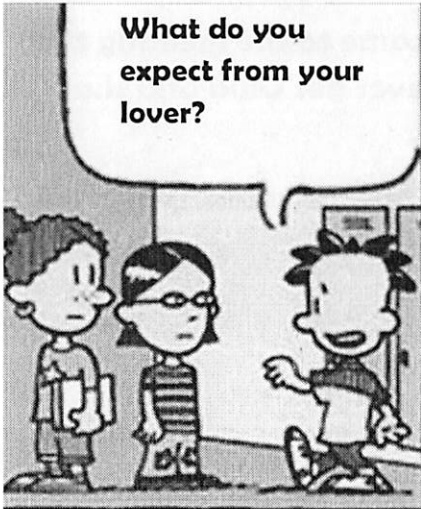

Francis and Teddy made fun of Nate so he was very mad at them. The next day Nate tried to flirt with Gina but she rejected him.

When Francis and Teddy came to the meeting they told him that he would never get Gina and that Nate can't deal with girls.

So Nate created a plan of how he could manage to get Gina.

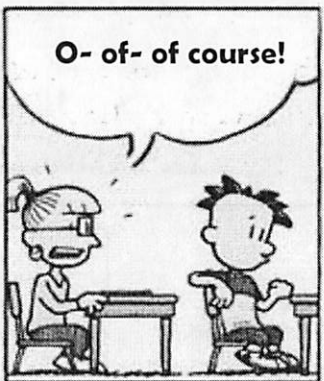

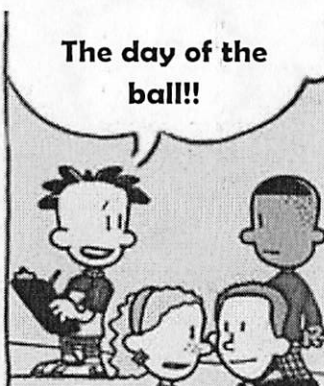

The girls told him that he should buy her chocolate and a heart pillow. So he bought her everything with his money, but she didn't act like he expected.....

Bad Ball

Today was the day of the ball. Everyone was supposed to have a date. Even I had a date! I was signed up to check if everyone was there.

Gina probably didn't have a date. I asked her if she had a date and she stuttered and lied that she had one.

At 7:00 PM the ball was going to start!!

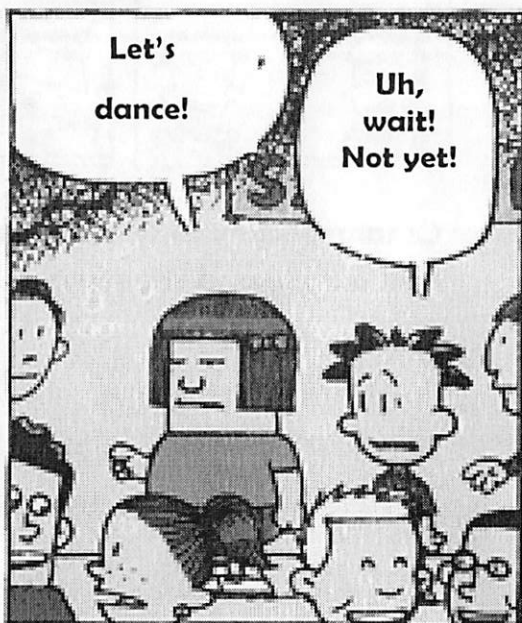

Unlucky me got bad luck before the ball!

I got Miss Fatty Pants ordering me to go to the ball! She's been following me my whole life! I don't like her at all. I wouldn't understand why anyone would like her.

She expected me to dance even though I hadn't checked if everyone was there. It was my job!

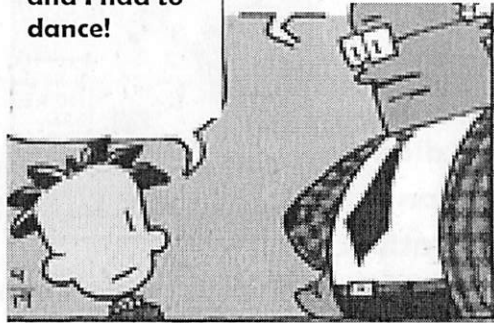

But you had to follow orders from Miss Fatty Pants otherwise you would get a fat 'body slam'.

She grabbed me by the arm and dragged me on the dance floor and swung me around as if she was dancing. Then the food break came and I knew this was my chance to get away. She let me go and ran to the snack table. I quickly escaped and went back to my post, only to find the mad principle there!

2 B-b-but I-I-I was forced to dance!! She-she dragged me onto the dancefloor and I had to dance!

1 WHERE WERE YOU??!! You haven't been doing your job! 3 months of detention!!

NO BUTS!! 21 MONTHS OF DETENTION!!

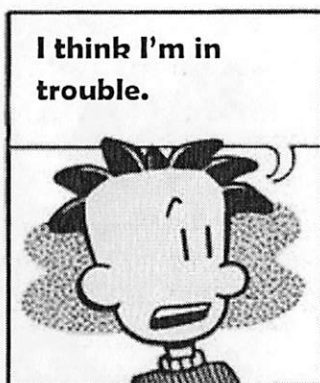

Big Nate and the Stink Bomb

Bobby and I had a plan to make a stink bomb explode in school. We hid it in his lunch bag, so we didn't get any attention.

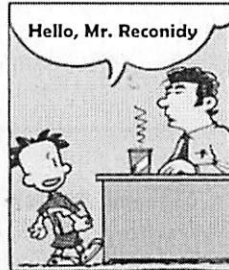

It was so secret that I didn't even tell Francis my best friend anything about it.

But Bobby made a mistake. I accidentally dropped the lunch bag, which made him scream "That stink bomb was very expensive!"

Gina heard Bobby and went to the teacher.

So in the big break I heard my name through the speakers that I have to come to the principal's office. I went upstairs to the office and in the mean time I asked myself why Bobby didn't have to go to the principal. When I came in the office of Mr. Reconidy he seemed very angry. He handed me a paper with the title: Detention.

Detention

Name: Nate

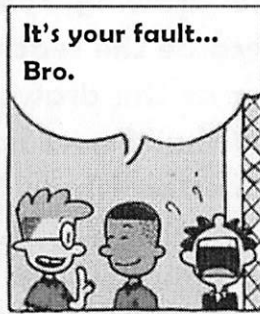

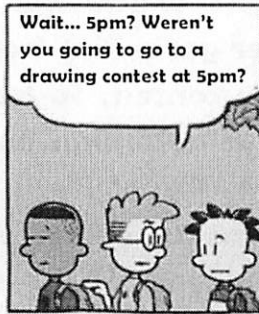

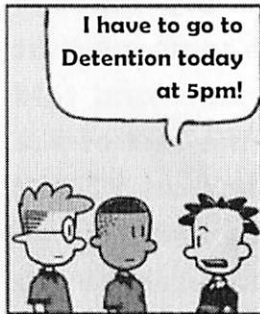

Class: 7b

Reason: Planned to explode a stink bomb

Suddenly I knew why Bobby didn't have to go to detention! It was Gina's fault! She didn't tell Mr. Reconidy about Bobby! I ran down fulfilled with hatred towards Gina. Right after I ran past Francis, I found Gina.

Then the bell rang and I went into my class. There Bobby was waiting for me and I told him that I have to go to detention. He seemed really happy that Gina hasn't told Mr. Reconidy that he also was involved in the story. After the period was over, I went to Francis and told him the story.

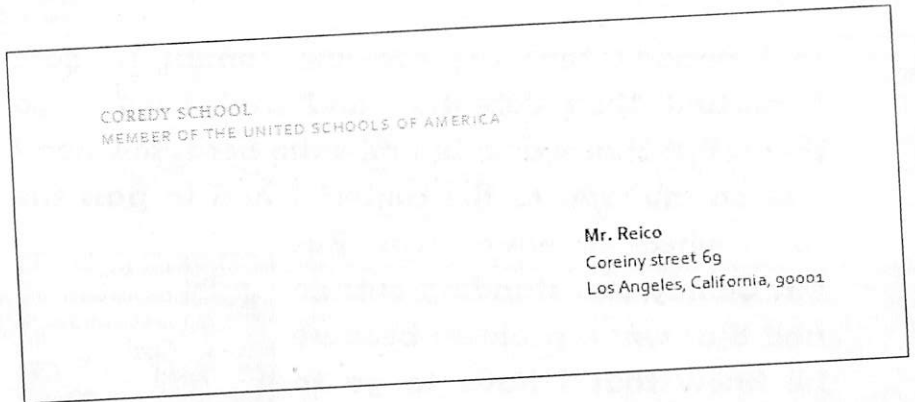

So I decided that the drawing contest is more important than detention and that I won't go there. But that was a big mistake because when I was on my way to the contest I had to pass the room where detention was. But Mr. Coindy was standing outside and that was a problem because he knew that I have to go to detention.

So he stopped me and I had to go to Detention. Later, when the teacher went to the toilet, I ran to

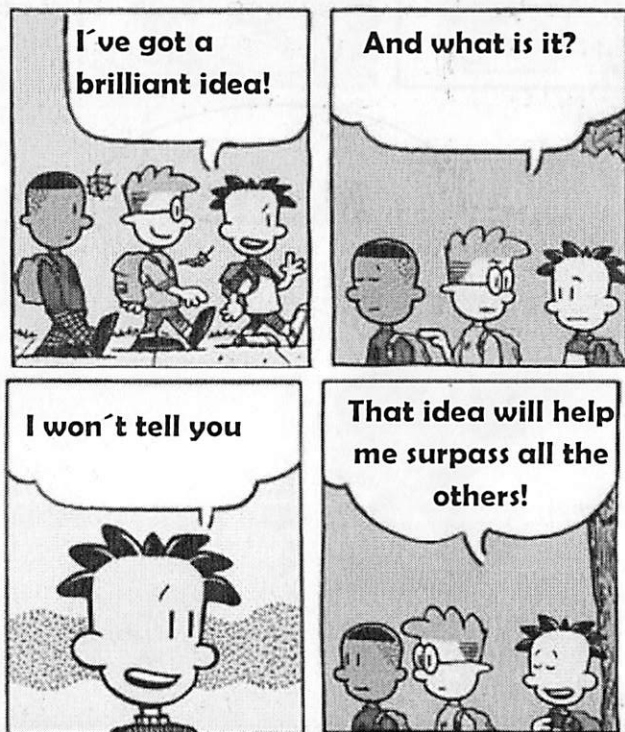

the drawing contest which was a big mistake because the teacher got a hint from someone that I'm at the drawing contest. So he came and told me that I now have detention for the rest of the semester. I hate Mr. Reiny! He is such an ***! Later that day, I had to explain, why I have to go to detention for the rest of the semester, to my dad! The next day, I went through our letters and found this:**

I opened it and read, what Mr. Reconidy said about me. After I finished reading I threw It away and hoped, that my dad would never read it. And he didn't. I went to detention every week and my dad never read the letter! It wasn't nice, but ok.

BIG Nate's BIG Ideas

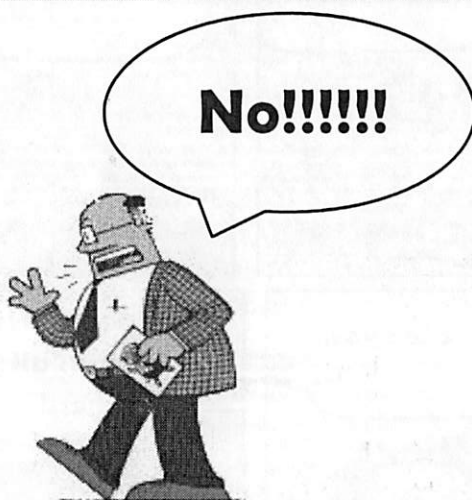

I'm on my way to school when suddenly I have a great idea.

Francis and Teddy laugh at me. So I swear that I won't tell them until they are interested.

At school I run to the principal.

I want to tell him my great idea. 😊

That was it!

The principal won't let me do what I want to do. ☹️

But I know what I have to do. I won't let my great idea flush down the toilet.

Somehow I'm going to make that.

I will collect signatures so the principal has to let me do it.

NEXT DAY:

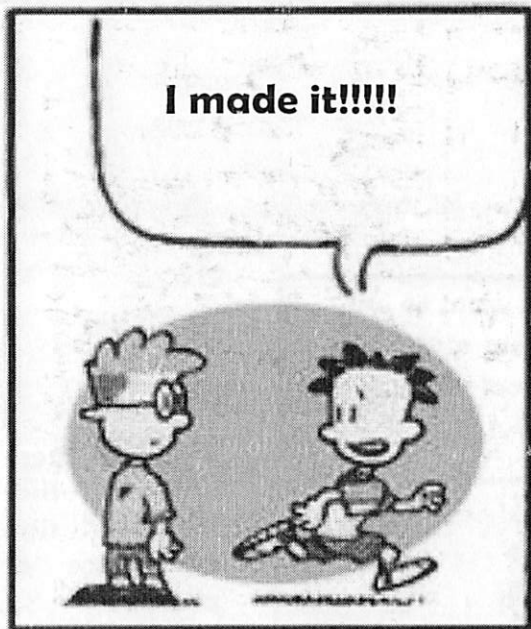

I stand here and let other students sign my piece of paper.

Nearly everybody signs it.

Maybe tomorrow I will have enough signatures to show it to the principal and then I can go ahead.

YES!!

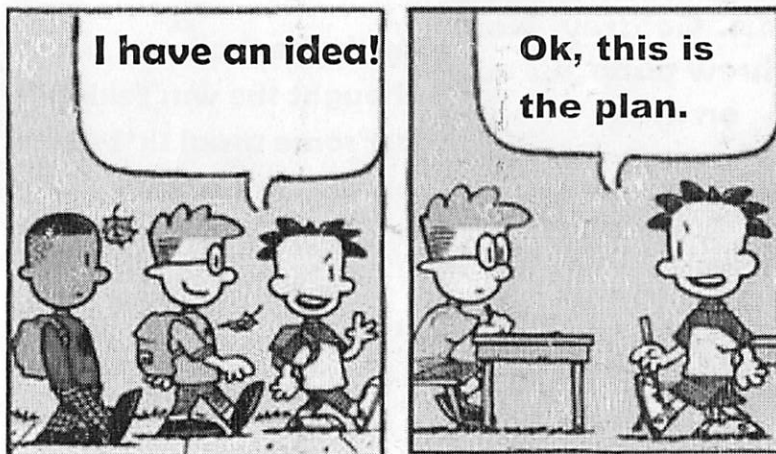

Enough signatures!

**The principal lets me do it. The signatures helped.
Teddy and Francis helped
Me to paint the school
And two months later
We won an award for
The most beautiful
School in the whole
US.**

BIG NATE in BIG TROUBLE

We worked on that plan for hours and finally it was done.

The perfect plan to take my revenge on Gina.

You want to know what happened, well, we took frog p** and p**p from the biology lab and threw it on Gina. Finally the poor frog got rid of its disaster.

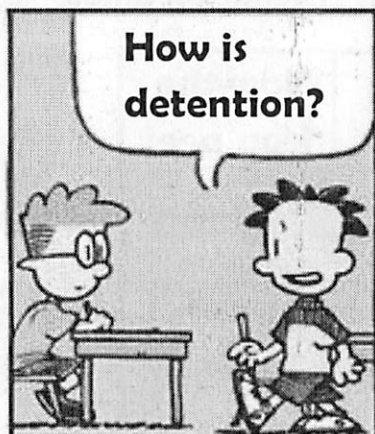

In the next period this happened:

**At the beginning, I
thought she was telling
her some usual sh*t as
always, but when I
heard those words, I
knew I was in big
trouble.**

**I was called to the principle
told him what happened
and met Francis at...**

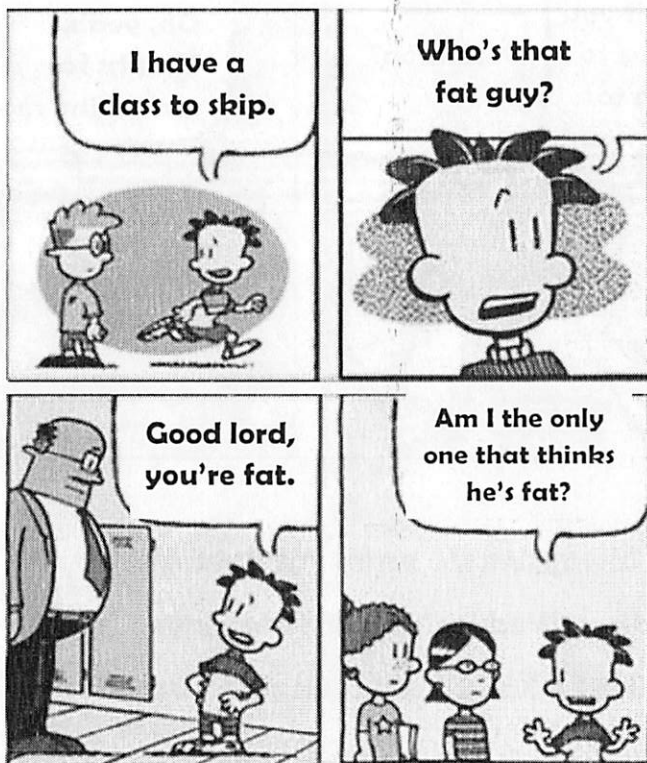

...detention.

**After that I had a big
fight with Francis for**

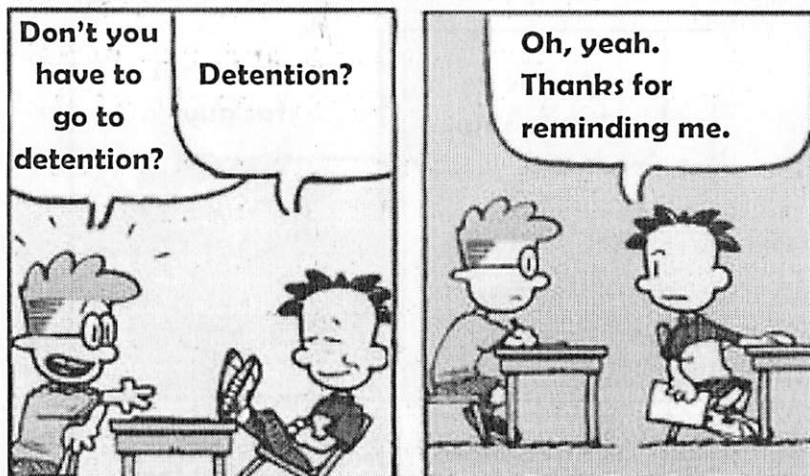

**about a
whole month. But when it comes hard on hard,
friends have to keep together.**

The case of the fat man

Like every day, I came home from school a little later. I had gotten in trouble for calling my principle fat. I was just walking along the abandoned halls of my school, when I came across my principle- whose circumference was over double the size of the earth- who was just taking a stroll during his free period. I was ditching class which made me very cautious, so when the unexpected event took place, I was caught off guard.

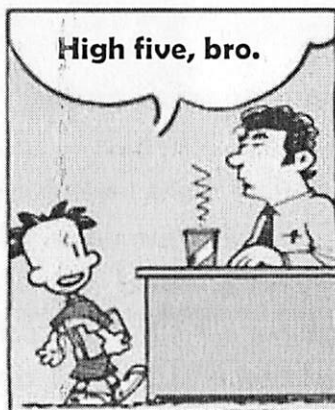

Unsurprisingly, I was sent to detention immediately. I was used to it so it wasn't a big deal. What annoyed me was the fact nobody wanted to admit our principle is an obese-a-saurus. I even discussed that matter with the teacher who was in charge of detention monitoring, but he just wouldn't admit it. BTW, Mr. Smith and I were pretty much best friends. We even trade lunches. I would take his turkey sandwich and he would take my ham.

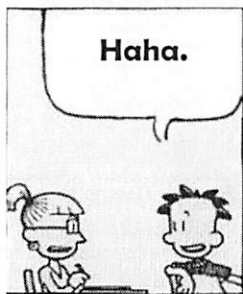

I always made sure I got detention
Mondays, Wednesdays or Thursdays
because he had to teach English Tuesdays

and Fridays. He had my phone number so he could call to remind me to come if I were to forget, which happens more than it should. I wasn't surprised to see

John (Smith's first name) sitting at the

teacher's desk when I walked in. The only thing that was out-of-the-ordinary was that Gina (?!) was sitting there, with her head on her desk. She was crying. Naturally, this made me laugh so

hard that the entire classroom turned to look at me. As evil as it may sound, I had never in my life felt any happier than at that exact moment. I casually walked to the front of the class and sat

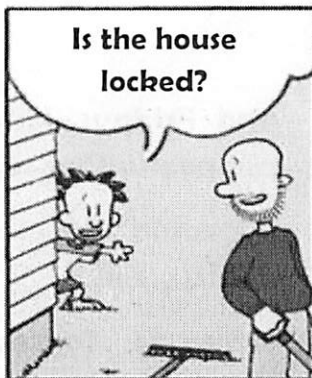

down at the table directly

in front of Gina. I could tell she wanted to pack her bags, move to Canada and

never see me again. She was mortified. I turned to look at her. Instead of doing what everybody else would have done I looked in her face and straight up laughed. I had immediately

regretted what I had done. Two minutes later the principle was on the phone with my dad and teachers were yelling at me. As if that wasn't bad enough, an angry mob of nerds was running towards me. I ran for it. The house was locked. I died.

The end

Will he die again? Read the book to find out.

Big Nate and his Valentine's disaster

Nate is in love with Tiffany. Tomorrow is Valentine's day but Nate has no present for his girlfriend. Francis and Nate go shopping and find a beautiful present...

Francis and me went to the shopping center to buy a present for my girlfriend, Tiffany. Francis found a beautiful dress and I found a chocolate.

At the end I bought both things but it was very expensive. I had to take my whole allowance.

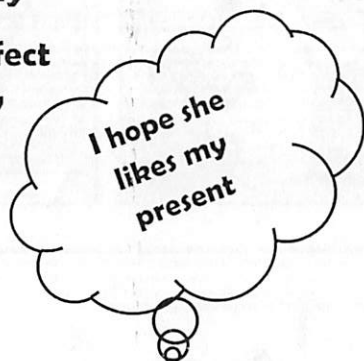

At home

When I was at home, I sat down in my garden and wrote a love-letter for Tiffany.

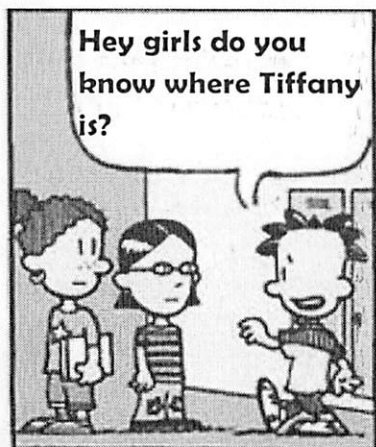

The next day

Today is Valentine's day
and I have the perfect
present for my
girlfriend.

In the break

I couldn't find Tiff any so I asked her friends...

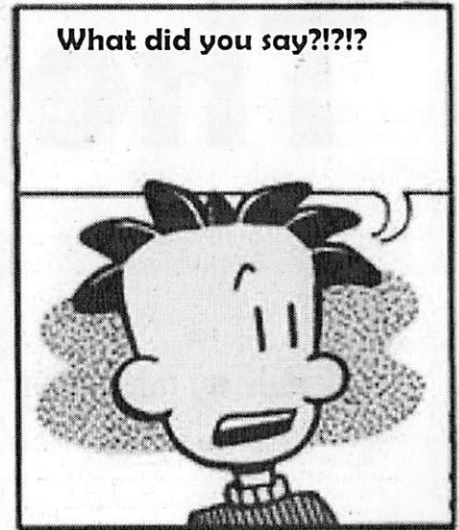

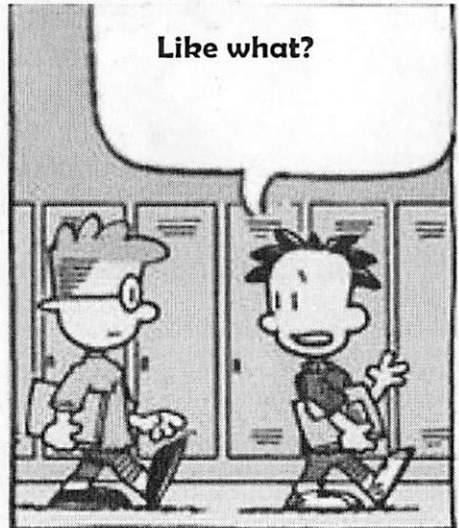

**And for that I
consumed my
whole
allowance... -.-**

The end

Written by Jojo& Viki

Francis has got an idea

If Francis starts to speak like a genius, I just understand "Bla, Bla, Bla, Bla..."

Actually, Francis was planning to make a funny joke of a teacher. I can't believe, that this idea came from Francis! Normally, Francis doesn't have good ideas.

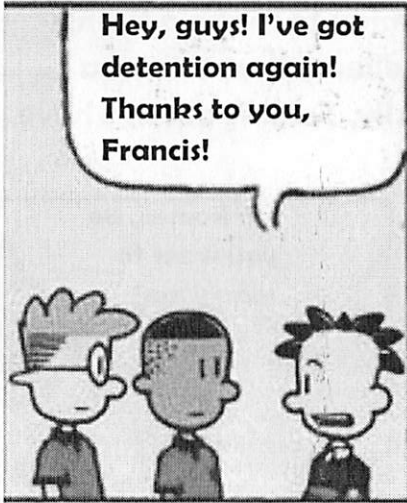

So then, after that action, I got another piece of paper that said detention on it.

DETENTION

Name: Nate Wright

Class: 7a

Reason for detention: No respect, disturbing class

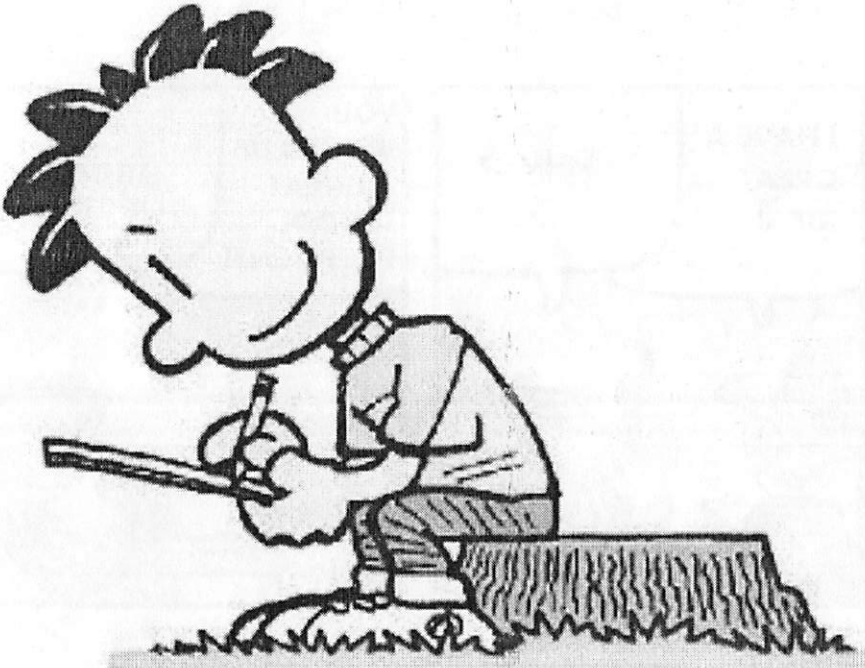

Ahhhhhhhhhhhhhhhhhh!!!!!!!!!!!!!!!!!!!!!!

BIG NATE

AS A SCHOOL PRESIDENT

By Nadia, Vali and Carina

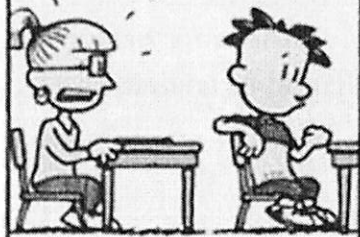

Nate the president

I was just relaxing in school, when Francis interrupted my daydreams:

Wait...what did he say? School president? That's only for losers

**YOU AND SCHOOL
PRESIDENT? NEVER!**

**Forget the losers. I will
show Gina that I'm
better than her!
President Nate, the
boy who wrote
history...**

**I CAN SEE IT IN FRONT
OF ME "PRESIDENT
NATE!"**

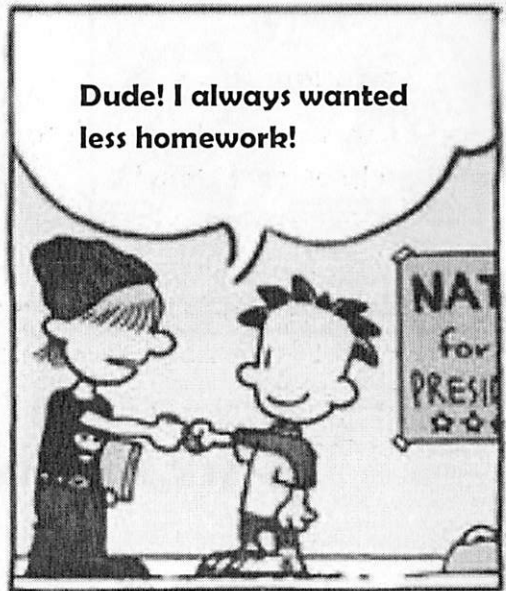

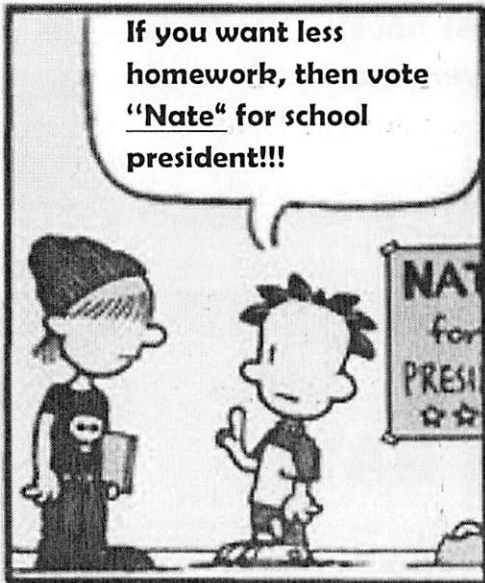

**If I want many voices I
just have to persuade
everyone. That's easy!**

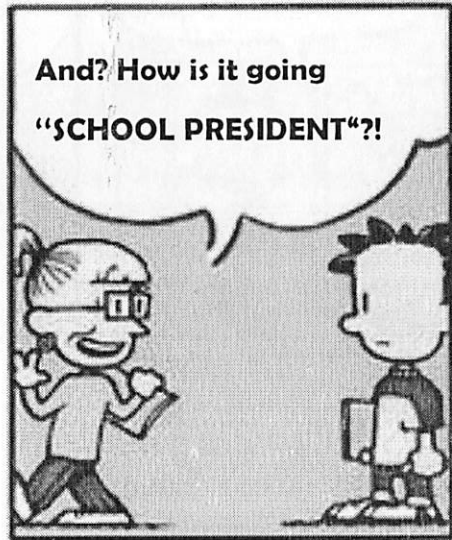

☺ **PRESIDENT NATE** ☺

Next day I worked out my plan:

If I work on like this,
the whole school will
want me for president.

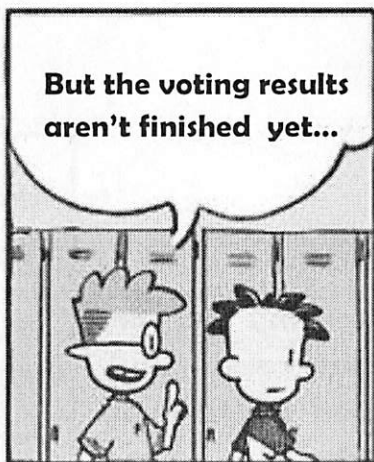

**After my mission
Gina came and
asked me kind of
bitchy!!!**

**PFFF!!! What does she think who she is?!?!
can't wait to see her face when, I'll be the
school president!**

**I met Francis on my way to my locker. First I
told him what Gina said and then I told him
that I was the new president but he disagreed
again:**

All day long the students could vote for their president.

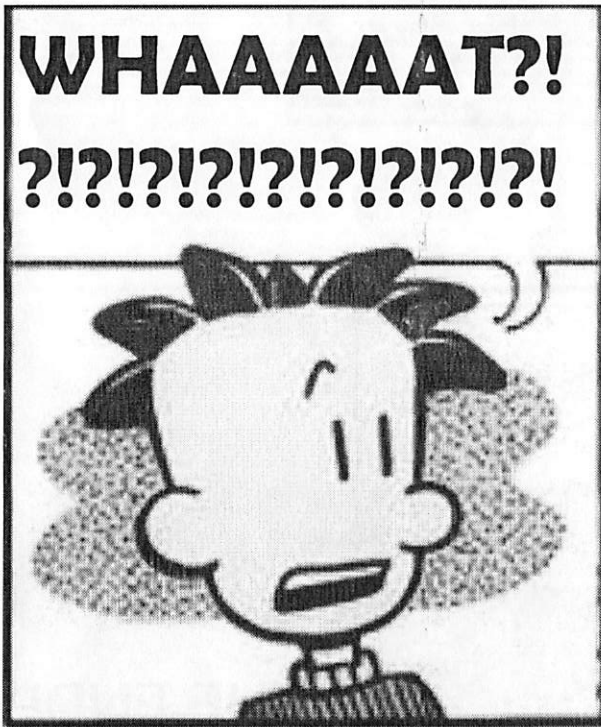

I was pretty sure, that there was no competition for me, but then...

...

then the principal said the name of the winner...

...

GINA!?!?

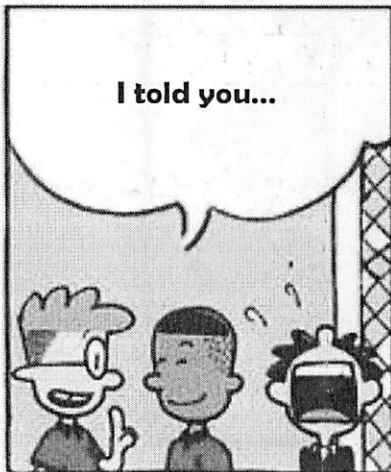

I HATE HER!!!

I really hate her!

**I hate her sooooo
much!**

I HATE her!!!
