

The following criteria will be used to assess your project:

Use these criteria for your self-assessment. Evaluate your project in each category and write short reflections/ explanations for each category. You will find the document on Moodle. Open the file in your word processor to write your comments and evaluations. For the evaluation bars use: Table Tools/ Design/ Shading as shown in the example.

60 P	1	2	3	4	5	6	7	8	9	10
Source text(s) or films are suitable for the age group										
<p>Tasks are appropriate and appealing for the age-group and would work in an average class (difficulty of tasks, set-up...).</p> <p>The tasks cover a wide range of skills and competences: reading, writing, speaking, listening, intercultural awareness, personal skills...</p>										
<p>The instructions are clear so the students will understand them independently and in groups.</p> <p>The language of your instructions is idiomatic and correct.</p>										
<p>Structure and completeness: The project package is complete and well-structured. It is easy to find your way through the materials. All stages of the project are covered: book-choosing, pre-reading, while-reading, post-reading, presentations</p>										
<p>Appealing layout of materials: The package is ready for use in class. (copiable masters e.g. picture size, cards, worksheets...)</p>										
Total:										

10=excellent, 9=very good, 8=good, 7=average, 6=fair, 5=poor, 4-0=very poor - no evidence
