Wanted!

My Coat of Arms

The most significant event in my life was when I lost my finger and it healed. I was very lucky! My greatest success was my first Trophy in a snowboard race. I won two hundred before the second place. The happiest moment in the past year was that I found new ^{best} friends: Lena, Sophie and I are very good friends. I am very good at dancing. It is my favorite sport. When I am 25 I want to be married ^{and} have done my first exam. My dream job is to be a teacher! This is my personal Coat of Arms.

Robin Hood

Fact or Fiction

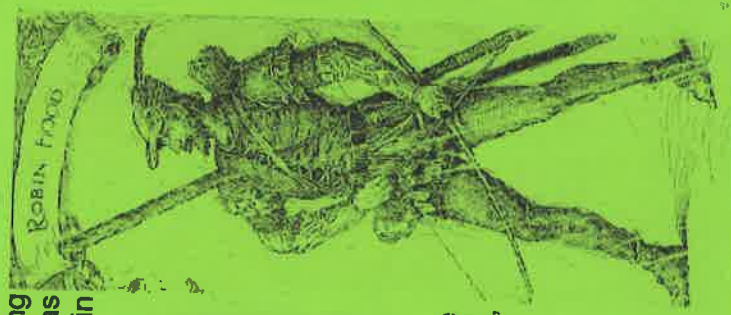

There are different kinds of legends. But what is the truth of all these myths? Does robin hood really exist? Who was he really? Was he the handsome guy everybody talks about, with arrows and his friend Little John?

Nobody can answer all these questions! Some say Robin Hood is a handsome man with green clothes and fighting against the evil sheriff of Nottingham.

A British museum has found out something about Robin's life. They say that he was born in the year 1160 in Lockersley in Yorkshire.

Robin Hood became famous because he helped the poor to get food and clothes. So he robbed the rich to get money. The poor loved him and the rich wanted to kill him! They said, "He is an outlaw- catch him!" Did this man really exist? We still do not know.

So, if Robin did exist, maybe not in quite the same way as the Robin Hood we all think of, the cinematic ROBIN OF SHERWOOD, Prince of Thieves!

Birdy's Diary

26th day of February

He eats disgracefully with his fingers. Shaggy Beard has lice in his beard! He has yellow teeth and when he laughs he spits all over the table. That's so disgusting! If he wants to stand up he pulls the table away from him so it is easier to stand up because he is so fat and clumsy! While eating he drooled in his food! How awful is that! When Shaggy Beard was finished eating he belched very loudly. Everybody looked at him and he grinned so everyone could see his yellow teeth! The people around us whispered and spoke about us, Waaah! His beard hairs were all over his seat and table. To sit next Shaggy Beard was a tough job. He farted all the time and stank like rotten food! Uahh!

Later everyone was finished eating and the music started. Shaggy Beard asked me, "Do you want to dance with me?" I wanted to say, "No" but my parents put on their angry faces so we finally got up to dance...

After five minutes I had blue feet. Shaggy Beard kept on stepping on me! I said to him, "Can we stop? I'm so tired!" "Sure, honey pod", he said with his strong dialect, stepping and spitting at me...! After that he tried to hold my hand all evening. I tried to get rid of him but he was too strong. So I sat there all evening with Shaggy Beard spitting, belching and farting at me...

At midnight it was over. Shaggy Beard left saying, "I'll come back to marry you, lovely!"

Brrr, I hope that will never ever happen...
