Feedback

All in all I did'nt really like the book. It was kind of boring and very hard to understand sometimes.

You're social next time we will choose our own books, I am very happy about that, because then I will enjoy making booklets and other stuff.

The book is very confusing with all the different characters and sometimes also complicated language. I think that a reader sees with so many books can not be interesting, anymore even if there other authors every time.

I really like booklets and creative work like this and I hope we can do other booklets on more interesting topics in the future. I am very proud of all my booklets I've done so far. I hope you enjoy reading my Booklet!

After 50 pages

I've read the first 50 pages now. Tell now I like the book, but I would say it is a little boring.

I think that their cousin Jonah will help them searching the clue. Maybe their bond relatives will return and asked them for help, but I don't think they would help them. Maybe Jonah will understand the clue Army and Dan found. I'm sure that Army and Dan will work together again. I think that they will have to return to the palace again so they find more information there. I hope none will be kidnapped again by the other family member. Their relatives might want to steal the clue. I think that their uncle will spy on them and and will abuse them. I think that their cat will help them with something and I hope also Mallie and Jonah will play a big role in the book. Maybe Army and Mallie will be kidnapped by someone. I am sure at the end the will find the eighth clue and they will return home till they find their next destination.

I hope the book will be very exciting at the end. 1

Dear Daisy, 2

Today was horrible. Sometimes I don't know what to do, if I should give up the whole thing and go back home again.

I don't know if we will ever find all the clues and get the most powerful candies of all time. I wish we would be a normal family, which does normal things like going to school, watching, ideas, cooking.

Yesterday Dan and I had a horrible fight about our parents, in the last few weeks I think a lot about my parents. If I really know who they were, if they were good people or like all our other relatives. Dan was a really young child when our parents died and I should get him what he did 'nt know them. And then he was away in the middle of all the people and then he got lost and I Army and I did 'nt find him. I hope everything is fine with him and he was 'nt kidnapped by our relatives. That's also something I would like to have normal relatives, a normal family, normal parents a normal life like everybody else has... 3

Dear Tom, B

Letter by Dan B

27th April 10

I am writing to you because in the last few weeks there was a bit happening to me. I hope you're good. How is it going in school?

As you know my sister and I went to Asia. Asia is very fascinating, there a lot of people here and everyone has a smartphone. My sister and I already found the next clue in a museum. I had to climb on a palace, because the clue was hidden behind a very big stone on the very top. Of course someone saw me and then I was in trouble. One day after we found the clue me and my sister had a argument and then I went off to the busiest street in the whole city and then I was kidnapped, by my relatives; they bought me into an orphanage. The orphanage is owned by Jonah. His family is very powerful and Jonah is a real star. He took me with him and we played video games and hung out a little bit together. Eventually wanted his autograph and his signature... Sometimes I wish my life would be a little bit more normal. I really often think about flying home and going to school again etc.

Please send me an letter too. I hope I'll see you soon.
Dan. 13

My own Opinion

I didn't like the book that much because sometimes it was a bit boring and confusing. As about friendship and family and that's something I liked.

Dear Daisy,

I really was a very hard day. As we arrived in Paris we started off to the museum where we found the ~~one~~. Then Army and I had a big conflict about our parents. The 3 were away and I lost my sister and my the pair Kelly in the crowd. It's a weekend chosen a special other family member shared me and convinced me into a big black bear. They convinced that I tell them if we have the next day and if you I should tell them where it is and where they can find it. I woke up in a paradise of dolphins or something like that and the perfectly owner sees exactly my good old cousin Tomah. He took me with him and we went to his house ate junk food and played trailer games together. I was so happy to play under games again, because it is so being safe. That's it stayed at home longer than one day. And my sister does 'nt like it, because she always reads her sewing books. After that we tried to find my and Kelly, but we died 'nt. Tomah said we will see her from tomorrow. Good night!

Don doesn't really believe in punishing all 39 clues. It is also very heated for him because he doesn't get any friends and not a lot of love for his own. He still searches for the 39 clues because of his mom & dad and his grandmother.

Emotions, Feelings

Amy says she has the most annoying brother
 in the whole world, but the truth is, Amy
 would do everything for her little brother,
 because she sees him and he is all the
 family Amy has. Amy is a very strong
 person, because something occurred the
 world with your little brother, without
 parents, without any steel family.
 Sometimes she also wants to give up the
 whole thing and go home, live with
 a normal family, reading, read
 favorite all day long.
